

**Table 2-1. Occurrence of Large- and Small-Patch Ecosystems by Elevation Zone**

	<i>Elevation Zone</i>			
	<i>1</i>	<i>2</i>	<i>3</i>	<i>4</i>
<b><i>Large-Patch Ecosystems</i></b>				
<b><i>Aquatic</i></b>				
LA-Lacustrine	X	X	X	X
RI-Riverine (Rivers and Creeks)	X	X	X	X
<b><i>Barren and Herbaceous</i></b>				
AG-Annual Grassland/Irrigated Pasture	X	X		
BA-Barren (Cliffs, rock outcrops, diggings)	X	X	X	X
FW-Fresh Emergent Wetland	X	X	X	X
MM-Montane Meadow		X	X	X
<b><i>Shrub</i></b>				
FC-Foothill Chaparral	X	X		
MO-Montane Chaparral		X	X	X
DS-Subalpine Dwarf-Scrub			X	X
ES-Eastside Scrub				X
<b><i>Forested</i></b>				
FH-Foothill Hardwood	X	X		
FR-Foothill Riparian	X	X		
OP-Oak-Foothill Pine	X	X	X	
PP-Ponderosa Pine		X	X	
MH-Montane Hardwood		X	X	
MR-Montane Riparian		X	X	
MC-Mixed-Conifer		X	X	X
LP-Lodgepole Pine			X	X
RF-Red Fir			X	X
AS-Aspen			X	X
SC-Subalpine Conifer			X	X
EP-Eastside Pine				X
ER-Eastside Riparian				X
<b><i>Developed</i></b>				
CR-Croplands	X	X		
VI-Vineyards	X	X		
OR-Orchards	X	X		
UR-Urban	X	X	X	X
<b><i>Small-Patch Ecosystems</i></b>				
Caves and Mine Shafts	X	X	X	
Gabbrodiorite Soils	X	X		
Serpentine Soils	X	X	X	
Volcanic Lava Caps and Mudflows	X	X		
Springs, Seeps, and Fens	X	X	X	X
Late-Successional Conifer Forests		X	X	X
McNab Cypress Stands	X	X		
Knobcone Pine Stands		X		
Whitebark Pine Stands			X	X
Leather Oak Chaparral	X	X
